THE MOST HOLY BODY AND BLOOD OF CHRIST

He said to them, "This is my blood of the covenant,
which will be shed for many." - Mk 14:24

Eucharistic Miracle of LANCIANO

ITALY, 750 A.D.

An inscription in marble from the 17th century describes this Eucharistic miracle which occurred at Lanciano in 750 at the Church of St. Francis.

“A monastic priest doubted whether the Body of Our Lord was truly present in the consecrated Host. He celebrated Mass and when he said the words of consecration, he saw the host turn into Flesh and the wine turn into Blood. Everything was visible to those in attendance. The Flesh is still intact and the Blood is divided into five unequal parts which together have the exact same weight as each one does separately.

Monstrance containing the Holy Eucharist

Relic of the wine which was transformed into Blood

Painting located in the Valacca chapel which depicts the miracle

Stone tablet from 1631 which describes the miracle

In 1970, the Archbishop of Lanciano and the Provincial Superior of the Conventual Franciscans at Abruzzo, with Rome's approval, requested Dr. Edward Linoli, director of the hospital in Arezzo and professor of anatomy, histology, chemistry, and clinical microscopy, to perform a thorough scientific examination on the relics of the miracle which had occurred twelve centuries earlier. On March 4, 1971, the professor presented a detailed report of the various studies carried out. Here are the basic results:

1. The "miraculous Flesh" is authentic flesh consisting of muscular striated tissue of the myocardium.
2. The "miraculous Blood" is truly blood. The chromatographic analysis indicated this with absolute and indisputable certainty.
3. The immunological study shows with certifi-

rude that the flesh and the blood are human, and the immuno - hematological test allows us to affirm with complete objectivity and certitude that both belong to the same blood type AB - the same blood type as that of the man of the Shroud and the type most characteristic of Middle Eastern populations.

4. The proteins contained in the blood have the normal distribution, in the identical percentage as that of the serous-proteic chart for normal fresh blood.

5. No histological dissection has revealed any trace of salt infiltrations or preservative substances used in antiquity for the purpose of embalming. Professor Linoli also discarded the hypothesis of a hoax carried out in past centuries. This report was published in *The Sclavo Notebooks in Diagnostics* (Collection #3, 1971) and aroused

great interest in the scientific world. Also, in 1973, the chief Advisory Board of the World Health Organization appointed a scientific commission to corroborate Linoli's findings. Their work lasted 15 months and included 500 tests. It was verified that the fragments taken from Lanciano could in no way be likened to embalmed tissue. As to the nature of the fragment of flesh, the commission declared it to be living tissue because it responded rapidly to all the clinical reactions distinctive of living beings. Their reply fully corroborated Professor Linoli's conclusions. In the extract summarizing the scientific work of the Medical Commission of the WHO and the UN, published in Dec. 1976 in New York and Geneva, declared that science, aware of its limits, has come to a halt, face to face with the impossibility of giving an explanation.

Mass Intentions are a Powerful Prayer

We have Holy Mass every day of the week and we would love to offer some for you, and your intentions. Did you know you can offer a Mass for: a living person (even for anniversaries or birthday/baptism days), a special prayer request, in thanksgiving for graces already received, or for someone who has died? If you are a registered parishioner you may have **three** Masses per year offered for your intentions. To do so, stop by the Office between 8:30am-4:30pm or call 970-686-5084 to see which dates are available. There is no charge, however a typical offering is \$10 per Mass.

Windsor Serve Day

July 14, 2018 8am-1pm

National Serve Day is an annual event held across the country where local churches work together to complete needed community projects. In Windsor this includes cleanup activities around local schools and parks. Many people are needed to complete the work. **SERVE DAY WILL NOT EXTEND BEYOND 1PM AND FOOD WILL BE PROVIDED.** If you are interested, please contact OLV representative Mark Earley at mvearley1@msn.com or 970.286.9142.

First Annual OLV Gala Sat. Oct. 13th Volunteer Opportunities

If you have experience in fund raising or event planning and can lend a hand for our Gala, we are looking for enthusiastic chair people for the following committees:

Event Co-Chair—we have one, second co-chair needed to oversee entire event.

Food & Beverage—work with event chairs to find a caterer, servers, bar service, and supplier for beverages.

Decorating—your job will be to transform our new hall into a magical place

Procurement—this involves getting both live and silent auction items, determining bid increments, displaying the items, and being available the night of the event to answer questions in regard to the items.

Reservations—manage ticket sales as well as check in and check out the night of the event. This also includes table assignments.

Marketing & Sponsorship—assist in advertising, form design and sponsorship.

If you are interested please call Elaine Steppel at 970-566-1739 or Darcy Cangilla at 970-686-5084.

We are planning on meeting the week of June 18. Since this is a first time event and the date is only five months away it will take dedication to make it happen. We will have more volunteer opportunities coming soon.

World Day of Prayer
for the Sanctification
of Priests

Fri. June 8th

This day of prayer is liturgically celebrated this year in conjunction with the Solemnity of the Sacred Heart of Jesus.

"I invite everyone to pray to the Heart of Jesus for the entire month of June and to support with closeness and affection your priests so that they always reflect the image of that Heart full of merciful love."
