Made in the Image and Likeness of God (Gn 1:26)

What's at Risk

There are many pro-life issues at risk in the coming election. A pro-life vote will ensure the gains we have achieved will not be lost or diminished. Here are some.

A pro-life win in November will protect

Hyde Amendment: limits abortion funding, **Mexico City Policy:** limits foreign abortion funding, **Title X Family Planning Program:** No longer funds abortion, **Mandatory Insurance Coverage:** no longer funds abortion, **Conscience Protections:** protects Doctors and Nurses, **Protecting Life in Global Health Assistance,** **Women's Health Protection Act:** will never be approved, **Judicial Appointments:** will continue (stops judicial activism).

All of these have been accomplished or advanced in the last three years.

VOTE PRO-LIFE

One Party

They speak of "reproductive rights", "blobs of tissue", and "products of conception".

They promote pregnancy as a problem and abortion as an answer to a problem.

They actively support leaving babies, born alive from a failed abortion, to die without care or concern.

They promote Dismemberment Abortions.

Other Party

They speak of mothers and babies, protecting life, and building families.

They promote motherhood and fatherhood and actively support new life from conception to natural death.

They go far out of their way to ensure each baby receives all the care it needs to live.

They encourage and support Pregnancy Care Centers whose goal it is to help pregnant woman carry their babies to term.

Who Said?

"All children, born and unborn, have a God-given right to life."

And, what other speaker said, "As president, I will codify Roe v. Wade and my Justice Department will do everything in its power to stop the rash of state laws that so blatantly violate a woman's protected, constitutional right to choose." (to kill)

VOTE PRO-LIFE

Believability

Many of us have heard the expression, "Might makes Right". We can all agree that is factually incorrect. So is Loudest makes Right.

Pro-abortion protesters commonly chant, yell, scream, or otherwise attempt to drown out their opposition. They are affirming that they fear what their opponent has to say and acknowledging that they cannot refute it.

And they really do not want to hear or to have anyone else hear an opposing view. Quite simply they understand they cannot withstand a fair debate.

When your greatest attribute is the size of your bullhorn, you have already lost.

Down syndrome

IT IS NOT A DISEASE. IT'S AN EXTRA CHROMOSOME

[Karen Gaffney, who has Down syndrome, speaks eloquently, in a TED presentation, about having and living with the condition and with those who have this condition.](#)

Truth

[This 8-second video of a first-trimester baby tells you everything you need to know about how wrong abortion is.](#)

Select above and then click on "see video".

Abortion Supporters

"There are none so blind as those who will not see. The most deluded people are those who choose to ignore what they already know." 1546 (John Heywood),

Your State?

Where does [your state stand](#) on Late Term Abortions, Born Alive Protection, Fetal Dignity, and Defunding Abortion Providers?

VOTE PRO-LIFE

They Say; We Say

Pro-aborts say, "Abortion is health care".

Pro-Lifers say, "Pregnancy is not an illness, and abortion does not cure or prevent any disease".

VOTE PRO-LIFE

All Lives Matter

Black lives matter and so do white, brown, and red lives. Color is not a determinant. Tall, short, and tiny lives matter. Size is not a determinant. Good, bad, and indifferent lives matter. Attitude is not a determinant. Healthy, sick, and near-death lives matter. Medical condition is not a determinant. Neither is any other qualification, mental state, or arbitrary condition a determinant.

If we can establish that any one life does not matter, then we open the door to the conclusion that no lives matter. And that is chaos, anarchy, the Culture of Death.

Pro-lifers have long known that All Lives Matter. God created all of us. Jesus lived and died for all of us. Who are we to select any of God's people and declare them not worthy of life?

It's an axiom, ALL LIVES MATTER.
